Grading system	The Hungarian scale for grading contains just five grades: 5 (very good), 4 (good), 3 (average), 2 (satisfactory), 1 (insufficient). 2-5 are the passing grades, corresponding to D-A, respectively. There is no additional differentiation. We take the "average" designation of the middle grade, 3, seriously.
PRACTICAL INFORMATION:	
Housing information	Students can find accommodation in http://www.andrassyuni.eu/fur-studierende/leben-und-wohnen-in-budapest/wohnungsangebote from 250-550 € a month, but it is worth paying a bit more for a nice, renovated downtown flat with all necessary comfort. If someone is on a low budget it is cheaper to get a flat outside the city center area. If the flat is located close to the underground it will be easy to get to reach the centre, but be careful, one can travel an hour or even more from the outskirts. Internet connection is not common in all flats, but more and more households are connected. To get an offer it is best to search online apartment offers in advance, some providers offer flats for students or when arrived, you can buy an advertisement daily, but those will be most likely in Hungarian.
Health insurance information	For EU citizens, their home health insurance is accepted in Hungary as well. Non-EU citizens have to provide for the insurance.
Estimated personal expenses per month:	
Accommodation:	250-550 €
Food:	Cca 150 €
Local Transportation:	Student monthly pass Cca 15 €
